PROFESSIONAL SUMMARY

Software Engineer and MSc Software Engineering student with hands-on internship experience developing production iOS and web applications in Agile/Scrum environments. Experienced with Swift, SwiftUI, MVVM, React, JavaScript, Python, Node.js, REST APIs and Git. Strong understanding of clean architecture, API integration, reusable components and maintainable code. Interested in software engineering, iOS/mobile development, full-stack development and AI-enabled applications.

TECHNICAL SKILLS

Languages: Swift, JavaScript, Python, SQL
Mobile: SwiftUI, Swift, iOS SDK, Xcode, MVVM, MapKit, Async/Await
Frontend: React, JavaScript/ES6+, HTML5, CSS3, Tailwind CSS, Responsive Design
Backend & APIs: Node.js, REST APIs, JSON, MongoDB, SQL, API Integration
Tools & Practices: Git, GitHub, Agile/Scrum, Code Reviews, Debugging, Technical Documentation
AI / Data: Python, Pandas, NumPy, Machine Learning, Jupyter, AI Development Tools

PROFESSIONAL EXPERIENCE

iOS Developer Intern **Dec 2024 – Mar 2025**
Bharti Soft Tech Pvt. Ltd.

- Contributed to a production iOS codebase using Swift, SwiftUI and MVVM architecture.
- Developed reusable UI components and integrated REST APIs using async/await and JSON.
- Collaborated with senior developers through code reviews, sprint planning and daily Scrum meetings.
- Debugged application issues and improved code maintainability and user experience.

Web Developer Intern **Sep 2023 – Nov 2023**
Acmegrade

- Developed responsive web interfaces using JavaScript, HTML5 and CSS3.
- Implemented reusable frontend components and improved existing application code.
- Worked in an Agile environment and collaborated with team members on development tasks.

PROJECTS

Grocery Shop Mobile Application *Swift, SwiftUI, MVVM, REST API*

- Built an iOS shopping application with reusable SwiftUI components and MVVM architecture.
- Integrated REST APIs and implemented asynchronous data handling for application features.

Parking & Car Rental Application *Swift, MapKit, REST API, Async/Await*

- Developed an iOS application for parking and car rental workflows with MapKit integration.
- Implemented API communication and asynchronous operations using Swift concurrency.

Jewelry E-Commerce Platform *React, JavaScript, Node.js, CSS3*

- Developed a responsive e-commerce platform using React and JavaScript.
- Integrated frontend functionality with backend APIs and implemented reusable components.

Personal Portfolio Website *React, Tailwind CSS, JavaScript*

- Designed and developed a responsive developer portfolio showcasing projects and technical skills.

EDUCATION

MSc Software Engineering **2025 – 2027**
University of Europe for Applied Sciences, Potsdam, Germany
B.E. Computer Science Engineering **2021 – 2025**
Parul University, India

LANGUAGES

English (B2, IELTS) — German (B1) — Gujarati (Native)
